

Head In The Clouds

The Regrettes

Hey little mama with your head in the clouds
Don't want to hear my voice so I'll shout it out loud
You act real rough but you ain't so tough
So just put down your wall and cut the fake stuff

I know you don't like to walk to the beat of the drum
But just listen here honey or you're going to get some
Ever so narcissistic a little pessimistic
You walk around town like you never need assistance

So, my friend kept going on and on the other day
About this asshole that she's kind of dating
And she puts it all out on the table
But he just can't handle a label
And she feels so bad about wanting something more
That she's scared she's gonna get left at the door
And I know he might seem really cool
But I told her, "Just feel your feelings fool!"

Hey little mama with your head in the clouds
Don't want to hear my voice so I'll shout it out loud
