Nowhere

The Regrettes

Wait, where's the party at and where's my pretty cake?
Where's the happiness I thought I'd feel today?
Wait, where's the million people that all know my name?

Used to want a car I could drive real fast
Now, I drive around the canyon wishin' it was black

The moments slippin' through my fingers
I'm always runnin' when it's right there
I'm just a cynical believer
Can I just be here?

Think we had it all playin' truth or dare
Layin' underneath the stars sayin' life's not fair
Thought we'd have it all when we're millionaires
Well, we made a bunch of money just to go nowhere

Ooh-ooh, ooh-ooh
Go nowhere
Ooh-ooh, ooh-ooh
Go nowhere

Hey, I was feeling good until I saw her face
Not a single pore, I really can't relate
Hey, but if I had that skin you know I'd still complain

Used to want the body that I got right now
So, why the hell I gotta lose a couple more pounds?

The moments slippin' through my fingers
I'm always runnin' when it's right there
I'm just a cynical believer
Can I just be here?

Think we had it all playin' truth or dare
Layin' underneath the stars sayin' life's not fair
Thought we'd have it all when we're millionaires
Well, we made a bunch of money just to go nowhere

Ooh-ooh, ooh-ooh
Go nowhere
Ooh-ooh, ooh-ooh
Go nowhere
(Go nowhere)

La-la-la-la-la, la-la-la-la-la
Goin' nowhere
La-la-la-la-la, la-la-la-la-la
But at least it's somewhere

Think we had it all playin' truth or dare
Layin' underneath the stars sayin' life's not fair
Thought we'd have it all when we're millionaires
Well, we made a bunch of money just to go nowhere

Ooh-ooh, ooh-ooh
Go nowhere

Ooh-ooh, ooh-ooh
Go nowhere
