

# You Problem

## The Reklaws

(You problem)  
(I got a you problem)

I used to come to this bar every Friday night  
Have a couple of beers with some of the guys  
Stare at the screen hoping our team wins  
Now I'm staring at the door hoping you walk in

I used to talk about this, talk about that  
Now if it's not about you I lose track  
It's taking up all my time  
Am I losin' my mind

I got a you problem  
Every other minute of my day  
I can't shake it  
A you problem  
Someone get me one more drink  
And I just might say that  
You're the only thing I think about  
All I do is try to figure it out  
Never thought I'd catch these feelings but I caught 'em  
I got a you problem  
I got a you problem

It started out so small, just a crush on you  
Now it's become an undeniably bigger issue  
I was holding it down, now it's outta control  
Thought I was keeping it cool but everybody knows

I got a you problem  
Every other minute of my day  
I can't shake it  
A you problem  
Someone get me one more drink  
And I just might say that  
You're the only thing I think about  
All I do is try to figure it out  
Never thought I'd catch these feelings but I caught 'em  
I got a you problem  
I got a you problem

Ohh  
No, I'm no good at lying, I gotta confess  
Ohh  
From the second I met you, the moment we met  
I've had a  
You problem  
I don't know what else to call it  
You problem  
Only you can help me solve this

You problem  
Every other minute of my day  
I can't shake it  
A you problem  
Someone get me one more drink

And I just might say that  
You're the only thing I think about  
All I do is try to figure it out  
Never thought I'd catch these feelings but I caught 'em
