

Your Side Of A Broken Heart

The Reklaws

Made out on the sidewalk
Caught a buzz on a rooftop
Go train to the next stop
20 dollars at a pawn shop

Locket
We bought it
That heart with "Love you" on it
You took love
And I took you

I don't wanna drive by
I don't wanna drive by
I don't wanna drive by
Your side no more
Your side of the city

Cause I go right back
Yea I go right back
Yea we're right back
There where we left off
Where did we go wrong

I still got my side of it, baby
I still wear it round my neck
Still get those chills that you gave me
I wonder if you moved on 'cause I never got too far
I wonder what you're doing with
Your side of a broken heart, heart

Do you miss me when you can't sleep
Remember singing Backstreet
Backseat of a taxi
I wish you would have asked me

If I go
Would you go
I guess we'll never know
Cause you took love
And I lost you

I don't wanna drive by
I don't wanna drive by
I don't wanna drive by
Your side no more
Your side of the city

Cause I go right back
Yea I go right back
Yea we're right back
There where we left off
Where did we go wrong

I still got my side of it baby
I still wear it round my neck
Still get those chills you gave me
I wonder if you moved on 'cause I never got too far

I wonder what you're doing with
Your side of a broken heart, heart
Your side of a broken heart

I still got my side of it baby
I still wear it round my neck
Still get those chills you gave me

I don't wanna drive by
I don't wanna drive by
I don't wanna drive by
Your side no more
Your side of the city

Cause I go right back
Yea I go right back
Yea we're right back
There where we left off
Where did we go wrong

I still got my side of it baby
I still wear it round my neck
Still get those chills you gave me
I wonder if you moved on 'cause I never got too far
I wonder what you doing with
Your side of a broken heart, heart
Your side of a broken heart, heart
