

# Goodnight, Goodbye

## The Relapse Symphony

Looking back on this disaster  
I can't believe I gave in  
I see my mother with a pasture  
I feel the body embracing

I NEVER LET MYSELF LIVE, I JUST GAVE IN!

Now I'm just a shadow to watch over them  
Nightly visits from the hell that I'm condemned  
Goodnight, goodbye  
A life cut short with grieving now I have sinned

I never knew that mortal escape  
meant an endless nightmare  
AND ALL THOSE PEOPLE THAT I LOVE FUCKIN' HATE

I NEVER LET MYSELF LIVE, I JUST GAVE IN!  
I HOPE EVERYONE CAN FORGIVE [?]

Now I'm just a shadow to watch over them  
Nightly visits from the hell that I'm condemned  
Goodnight, goodbye  
A life cut short with grieving now I have sinned

If the world wants to make you run and hide  
And you love contemplating suicide  
Remember these words and what I say  
FUCK THE WORLD, PUSH AHEAD!

Now I'm just a shadow to watch over them  
Nightly visits from the hell that I'm condemned  
Goodnight, goodbye  
A life cut short with grieving now I have sinned

Now I'm just a shadow to watch over them  
Nightly visits from the hell that I'm condemned  
Goodnight, goodbye  
A life cut short with grieving now I have sinned  
GOODBYE!
