

# Shadows

## The Relapse Symphony

I didn't see the darkness as it came  
Rushing like a wave all over me  
One second there was sun, the next there was none

I didn't feel the pressure on my back  
Like a vampire breathing down my neck  
Chasing me away from you and everything I ever loved

I never meant to let you down but  
I'll never let them take me now  
The dream is dust  
The deed is done  
And I've got my hands around the gun

I never meant to play this part  
And I never meant to break your heart  
But, here in the shadows we decide  
Either we're dead or we survive

I think you're getting close to seeing now  
It's you and me against everybody else  
And I don't wanna doubt that you won't make a sound

And I could pretend I was sorry, yeah  
And I could pretend that it hurt so bad  
But, everything I did  
I'd do it all again (I'd do it all again!)

I never meant to let you down but  
I'll never let them take me now  
The dream is dust  
The deed is done  
And I've got my hands around the gun

I never meant to play this part  
And I never meant to break your heart  
But, here in the shadows we decide  
Either we're dead or we survive

I've got a darkness deep inside  
(Hey! Hey! Hey!)  
But, here in the shadows, I'm alive  
(Hey! Hey! Hey!)  
So, if you're looking for me just look straight down  
It's here in the shadows I'll be found

I never meant to let you down  
But I'll never let them take me now  
Here in the shadows we decide  
Either we're dead or we survive

I never meant to let you down but  
I'll never let them take me now  
The dream is dust  
The deed is done  
And I've got my hands around the gun

I never meant to play this part  
And I never meant to break your heart  
But, here in the shadows we decide  
Either we're dead or we survive
