

Election Day

The Replacements

I meant to close the polls
In the chill night, bitter cold
Someone close the polls
On a chill night, in the cold

Election day
I can't stay
Wannabe, wannabe, wannabe, wannabe

I don't care who gets elected
I don't care who gets to find out
I don't care who gets elected
Till I find me a one (to love)

Wannabe, wannabe, wannabe
Election!
Election!
I said election!
I don't care
I don't care
Our election day
