

## Within Your Reach

## The Replacements

I could live without so much  
I can die without a clue  
Sun keeps risin' in the west  
I keep on wakin' fully confused

I've never seen no mountain  
Never swam no sea  
City got me drownin'  
I guess it's up to me

I can't live without your touch  
I can't live without your touch

Cold without so much  
Can die without a dream  
Live without your touch  
I'll die within your

Reach  
Reach  
Reach, ya

I never seen no mountain  
Never swam no sea  
Drownin' in this city  
Well, it's really up to me

I can't live without your touch  
Can't live without your touch  
(Without your touch)  
Can't live without your touch

Die within your reach  
Die with, reach  
Die within your reach  
Die within your reach

Reach  
Die within your  
Reach  
Die within your  
Reach

Reach, for the sky
