The Rescues

Stranger keeper  
Hold us in your hand  
Firing quicksand  
Earth pulling us in

I'm waiting for the final storm  
The warning song of the meadowlark  
We are proud  
And then we're gone  
We sing alone in the dark

Tight rope walking  
Riding yellow line  
Stalling  
Falling  
Always behind

I'm waiting for the final storm  
The warning song of the meadowlark  
We are proud  
And then we're gone  
We sing alone in the dark

I'm waiting for the final storm  
The warning song of the meadowlark  
We are proud  
And then we're gone  
We sing alone in the dark  
I'm calling out  
The only name  
Let me be  
What I am  
Let me fall  
To be whole  
Again and again and again

I'm waiting for the final storm  
The warning song of the meadowlark  
We are proud  
And then we're gone  
We sing in the dark

I am nothing  
I am made of everything  
I am one with all  
And all is all I am  
I am nothing  
I am made of everything  
I am one with all  
And all is all I am  
I am nothing  
I am made of everything  
I am one with all  
And all is all I am  
I am nothing  
I am made of everything  
I am one with all  
And all is all I am  
I am nothing  
I am made of everything  
I am one with all

And all is all I am
