

## Rock-A-Boom

The Revillos

Girl I know  
Ultra violet snow  
Make a winterland a go-go  
Time to party where they move  
To the latest groove  
Girl I know  
Ultra violet shows  
All the colours when you go-go  
When they dance the rock-a-boom  
S'gonna get to you  
It's a dance they do  
Called the rock-a-boom  
Girl I think  
Dress fluorescent pink  
And it's winter time for parties  
Time to party where they move  
To the latest groove  
Girl I think  
Lips are baby pink  
With a bush blue vaughn hairdoo  
When they dance the rock-a-boom  
S'gonna get to you
