The Revivalists

Well the night came fast
She was burning coke like gas
Oh, she's such a vibrant thing
Make the boys in the cold night sing

Ooh, ooh-oooh-oooh
She make the boys in the cold night sing
Ooh, ooh-oooh-oooh
She on the top shelf drinking cheap champagne

You got some change inside your pocket
But it doesn't change a thing
I'm a stranger to your smile
But I have seen some stranger things
All the money in the world
But you'll still end up wanting me
No the change inside your pocket baby
Doesn't change a thing

Ooh, ooh-oooh-oooh
Doesn't change a thing
Ooh, ooh-oooh-oooh
No it doesn't change a thing

She's a real wild one
Faster than a bullet from a gun
Oh, she's such a heartless queen
Make the boys in the cold night sing

Ooh, ooh-oooh-oooh
She make the boys in the cold night sing
Ooh, ooh-oooh-oooh
She on the top shelf drinking cheap champagne

You got some change inside your pocket
But it doesn't change a thing
I'm a stranger to your smile
But I have seen some stranger things
All the money in the world
But you'll still end up wanting me
No the change inside your pocket baby
Doesn't change a thing

Ooh, ooh-oooh-oooh
No it doesn't change a thing
Ooh, ooh-oooh-oooh
No it doesn't change a thing

It doesn't change who you are
Change what you need
Change what you know how you feel about me
It doesn't change who you are
Change what you need
Change what you know how you feel about me

How you feel about me
What you what you

What you know and how you feel about me

You got some change inside your pocket
But it doesn't change a thing
I'm a stranger to your smile
But I have seen some stranger things
All the money in the world
But you'll still end up wanting me
No the change inside your pocket baby
Doesn't change a thing

Ooh, ooh-oo-oo
No it doesn't change a thing
Ooh, ooh-oo-oo
Doesn't, doesn't, doesn't change a thing
