

## When I Die

The Revivalists

When it's late at night and dark as hell  
Where I'm going to well you know damn well  
I ain't got nobody else to blame  
Cause you know it's my fault and ain't it a shame

The pearly locks on the pearly gates  
ain't just for show make no mistake  
Can nothing I do in this life of sin  
make it up enough to ever get me in

So when I die I know in my life  
I ain't done things well, tried to do things right  
It's been a long dark road and try as I might  
I can't make it any closer to the golden light

I'm a long lost soul meant to toil all day  
Inmate of my mind, with nothing to say  
You can't break those chains so let them be  
I'm not the one who ever held this key  
There's one thing that I know for sure  
No matter what I do, there is no cure  
For the things I've said, the things I've done  
There's only one chance it's his only son

So when I die I know in my life  
I ain't done things well tried to do things right  
It's been a long dark road and try as I might  
I can't make it any closer to the golden light

I'm close to the edge I lit my soul on fire  
So when I die I know in my life  
I ain't done things well tried to do things right  
It's been a long dark road and try as I might  
I can't make it any closer to the golden light  
I'm close to the edge and holding on  
All I can do is set my soul on fire with the golden light
