

When I Got You

The Revivalists

Breaking glass, living day to day
Running on empty, I can't live this way
But don't need money, I don't need the fame
Ain't keeping score 'cause no one's playing games

When I got you in my veins
Yeah, I'm right where I belong
I can do no wrong
When I got you in my veins
No, nothing else will do
I can never lose when I got you

Fast money, love and pain
Can make a man do funny things
It's a lonely road to riches, it's hard to be the king
I can't feel the pressure, I can't feel the pain

When I got you in my veins
Yeah, I'm right where I belong
I can do no wrong
When I got you in my veins
No, nothing else will do
I can never lose

When I got you in my veins
Yeah, I'm right where I belong
I can do no wrong
When I got you in my veins
No, nothing else will do
I can never lose when I got you

When I got you
Never lose

I can never lose
I can never lose
Never lose
Never lose
Never lose
I can never lose
I can never lose

I can never lose

When I got you in my veins
Yeah, I'm right where I belong
I can do no wrong
When I got you in my veins
Yeah, nothing else will do
I can never lose

When I got you in my veins
Yeah, I'm right where I belong
I can do no wrong
When I got you in my veins
No, nothing else will do
I can never lose when I got you
