

Avalanche

The Reytons

Sirens are ringing
Try not to get too enticed
By the look in their eye
Cause they're not that forgiving
There's some mistakes and advice
That they'll bury to hide

Cause they would rather stand and watch you fail
Take advantage as you bail
Put you on a pedestal
And patronize the wannabes
They don't wanna feel the hail
Readings on the Richter scale
Tell 'em that the lads are coming back
And that there's gonna be an avalanche

A tidal wave is on the way and there'll be nowhere to hide
I said there'll be avalanche
You better run or you can stand and try and fight for your life
That's where we're going

Violent opinion
They didn't take the advice of the ones passing by
Now they're minus the million
They didn't want to collide
But the stats didn't lie

And now you see them tryna chase the tail
Slippin' off a broken rail
Take them off the podium and rip away the novelty
Now they're gonna feel the hail
Readings on the Richter scale
They can see the lads are coming back
And that there's gonna be an avalanche

A tidal wave is on the way and there'll be nowhere to hide
I said there'll be avalanche
You better run or you can stand and try and fight for your life
That's where we're going

La-la-laaa
La-la-laaa la-la
La-la-laaa
La-la-laaa la-la-la-la-la-la-la-la

Drinking from the holy grail
Now they know the ship has sailed
Pulled away the platform before they could even act
They didn't want to feel the hail
Readings on the Richter scale
Told them that the lads are coming back (They're coming back)

La-la-laaa
La-la-laaa la-la
La-la-laaa
La-la-laaa la-la-la-la-la-la-la-la

There's gonna be an avalanche
A tidal wave is on the way and there'll be nowhere to hide
I said there'll be avalanche
You better run or you can stand and try and fight for your life
That's where we're going

La-la-laaa
La-la-laaa la-la
(That's where we're going)
La-la-laaa
La-la-laaa la-la-la-la-la-la-la
