

Could Do Better

The Reytons

Don't try to hard my love
No one day your luck your numbers might come in
Av' seen ya standin at the bar all night
It's clear that your boring him
Don't say your trying to make friends
When your mother's got your kids again
Your intentions are all pretend

Uh-oh she wants a better life
Yeah man she wants a better life
But nothing ever seems to go right
Oh man she wants a better life
And she could do better

Your waking up with him again
And it's a little bit boring
Kids walking back inside the house
School shirts on a Saturday morning
Your getting up at half past ten
And say your never goin out again
Your intentions are all prentend

Uh-oh she wants a better life
Yeah man she wants a better life
But nothing ever seems to go right
Oh man she wants a better life
And she could do better now

Don't try too hard my love
I'm sure everythin'll work out fine
Don't try too hard
You'll be alright

Better life
Yeah man she wants a better life
But nothing ever seems to go right
Oh man she wants a better life
And she could do better now
Uh ohohoh could do better now
Uh ohohoh could do better
Better life, yeah man she wants a better life
But nothing ever seems to go right
Oh man she wants a better life
And she could do better now
Could do better better better by herself
Could do better better better by herself
Could do better better better by herself
She wants a better life
And she could do better now
