

Euphoria

The Ridleys

Falling in love's not what I had in mind
I tried to stop it every single time
But you came along and turned my world around

Spinning at the speed of sound
Changing everything that I knew
Now all I see is you for real this is everything I wanted and more
And all I feel is euphoria you are everything I wanted

Heaven above is merciful and kind
Sending an angel beautiful and kind
She came along and turned me upside down

Spinning at the speed of sound
Changing everything that I knew
Now all I see is you for real this is everything I wanted and more
And all I feel is euphoria you are everything I wanted

I'm looking at your eyes now
Baby, those are galaxies
With worlds to explore
A life to look forward to

I wanna live it with you
Oh, yes. I make it with you

Falling in love's not what I had in mind (Can't get it out, can't get you out of my mind)
I tried to stop it every single time (Can't stop, no I can't stop feeling it)
But you came along and turned my world around

Spinning at the speed of sound
Changing everything that I knew
Now all I see is you for real this is everything I wanted and more
And all I feel is euphoria you are everything I wanted

Now all I see is you for real this is everything I wanted and more
And all I feel is euphoria you are everything I wanted
