

## Meaningful Silence (Our Song)

The Ridleys

Don't worry  
About the things that have been bothering you for so long  
Don't worry  
About all of the ways this could go wrong

Just tell me how you really feel  
You don't have to pretend when you're with me  
'Cause in the end  
I'm still your friend

You told me  
You're afraid that I would get hurt  
Well, don't you worry  
I'm not asking for much, you have my word

Tell me how you really feel  
You don't have to pretend when you're with me  
'Cause in the end  
I'm still your friend

And when you see that we were meant to be all along  
When it's all clear  
I will be here  
Singing our song
