

Starlit Ocean

The Ridleys

She'll sail around the world
Ride the waves and feel the winds
Just a frightened little girl
Sailing farther from her sins

She says
"Scarlet Ocean
There's nothing left to save
Starlit Ocean
You will be my grave"

He shouldn't walk along these streets
With these buses passing by
But he's tired of his beliefs
He's tired of asking why

He says
"Scarlet Ocean
There's nothing left to save
Starlit Ocean
You will be my grave"

They say
"Scarlet Ocean
There's nothing left to save
Starlit Ocean
You will be my grave
You will be my grave"

If I fall
Who would save me?
If I call
Who would save me?

If I fall
Who would save me?
If I call
Who would save me?

If I fall
Who would save me?
If I call
Who would save me?

If I call
Would You save me?
If I fall
Would You save me?
