

## Eclectic Eccentric

The Rifles

Well, you might say, I'm more lost, a typical romantic  
Secure in a fit, I'll whisper in your ear, it's only love  
I don't love, I know it's funny  
Eclectic eccentric, secure in a fit  
I will whisper in your ear, that I'm in love

Hold me close and hold me further here  
Running from all these things inside  
Hold me close and hold me further here  
Tripped up and now I

My life is fastly going nowhere  
Please tell me there's somewhere  
Near a bed of roses  
My life is fastly going nowhere  
Please tell me there's somewhere  
And I know, I know about the money, but what about the love?

And it's laughable  
It's so colourful personality

My life is fastly going nowhere  
My life please tell me there's somewhere

Eclectic eccentric, just live it don't regret it  
Life on the wire, just keep reaching higher
