

## Without A Doubt

The Righteous Brothers

Now there's just one or two  
Maybe three or four girls I got to make mine  
Possibly five, more than likely six  
Seven girls I love till the end of time  
There's exactly eight or nine  
Positively ten girls that upset my mind  
But without a doubt  
There's eleven or twelve I didn't count

It would only take one or two  
Maybe three or four minutes alone with you  
Possibly five, more than likely six  
Seven minutes alone to make you love me too  
But it would exactly take eight or nine  
Positively ten minutes to make you mine  
But to save face  
I'll take eleven or twelve weeks just in case

There's exactly eight or nine  
Positively ten girls that upset my mind  
But without a doubt  
There's eleven or twelve I didn't count

Uh uh uh huh, oh yeah  
Uh uh huh, oh yeah
