

# Riot

## The Riot

Yeah, send your crowd to a foreign land  
Baby, I got by and don't you understand  
Took you home, your car I can't afford to buy it  
What's it gonna take to make you riot

Send your sons and your daughters to the prison sin  
Come on, to me you're an American  
But get a flag in the bunch I will surely supply it  
What's it gonna take to make you riot

Yeah I told you  
Live in fear till you call my name  
And I sold you  
And you're still playing my game

What's it gonna take to make you riot  
What's it gonna take  
What's it gonna take to make you riot  
What's it gonna take

Do you fear your God or your brother man  
No God I know would ever take you in  
Take your gun for your gun now it's time to try it  
What's it gonna take to make you riot?

Look to me, is this a brand new fire  
The killer of all produce all decay  
I'm cutting the lights and cannot stay quiet  
What's it gonna take to make you riot

Yeah I told you  
Live in fear till you call my name  
And I sold you  
And you're still playing my game

What's it gonna take to make you riot  
What's it gonna take  
What's it gonna take to make you riot  
What's it gonna take

Yeah you forget your rights and I forget your name  
You're gonna keep on paying 'cause you're all the same  
This is the master's voice don't you dare defy it  
What's it gonna take to make you riot

Yeah, swing of the ride, baby all the way  
I'll be dancing with the devil I fear's my day  
I sold my soul to any fool who'd buy it  
What's it gonna take to make you riot

Yeah I told you  
Live in fear till you call my name  
And I sold you  
And you're still playing my game

What's it gonna take to make you riot  
What's it gonna take

What's it gonna take to make you riot  
What's it gonna take
