

## San Antonio

The Riot

Down in Texas  
Deep in my soul  
Angels cry out  
Calling me home  
Wash my sins  
In the Rio Grande  
I'm living free  
Gun in my hand

Ride, a loner  
Pride, I hear the songs  
And tales of yesterday  
Her southern star  
Will shine forever

San Antonio  
I make my stand  
They know my name  
San Antonio  
I may be gone  
But I'll never fade away

Rattlesnakes hide  
In the shadow of night  
A coyote howls  
In lonely moonlight  
Searching for ghosts  
I found a rebirth  
Never was there  
More beauty on earth

Ride, a loner  
Pride, I hear the songs  
And tales of yesterday  
Her southern star  
Will shine forever

San Antonio  
I make my stand  
They know my name  
San Antonio  
I may be gone  
But I'll never fade away
