Set the World Alight

The Riot

I don't have a tomorrow
They've taken everything from me
My house, my wife, my family
Innocent and disregarded

I'm so consumed with anger
Thoughts of vengeance taunting me
There're detached and indifferent
No concern for my loss or pain

I wasn't looking for a cause or for a fight
I am just a simple man
But my life has been completely torn apart
Acts of malice force my hand

Rise, gather all my strength and rise
From the wreckage
Watch, while I set the world alight

Throughout the night I'm restless
It is impossible to sleep
How many will be orphaned
From the revenge that I seek?

Than all at once it happens
Summoned by a holy vision
He whispers gently to me
Who will care for all my children?

Suddenly I feel a flood of energy
I awaken to new light
I'll turn my loss into someone else's gain
And set my mind to a new fight

Rise, gather all my strength and rise
From the wreckage
Watch, while I set the world alight

I wasn't looking for a cause or for a fight
I am just a simple man
But I'll turn my loss into someone else's gain
And set my mind to a new fight

Rise, gather all my strength and rise
From the wreckage
Watch, while I set the world alight
