

And even though the copters are circling  
Our getaway car getting in a wreck  
The rearview mirror in my mind, I ain't looking at it  
No

We stole each others hearts like a couple bandits  
And even though she broke my heart into a couple pieces  
A couple times, it's been a ride, and so if it  
Ended all tonight, it

Was a dream  
Was a dream  
The trials, the smiles  
Everything  
Was a dream  
No regrets, no regrets, no

You know I won't stop  
I'm gonna chase you whole nine yards  
And even though you make me crazy certifiably  
I will fight for it, 'cause it

Was a dream  
Was a dream  
The trials, the smiles  
Everything  
Was a dream  
No regrets, no regrets

Que sera sera  
It's in my blood  
Addicted to, addicted to a dangerous love  
Que sera sera  
It's in my blood  
Addicted to a... I come undone

(Que sera sera)  
(It's in my blood)  
And even though you make me crazy certifiably  
(Addicted to, addicted to a dangerous love)  
(Que sera sera)  
(It's in my blood)  
I will fight for it, 'cause it  
(Addicted to a... I come undone)

Was a dream  
Was a dream  
The trials, the smiles  
Everything  
Was a dream  
No regrets, no regrets, no
