

Living In The Heart Of Love

The Rolling Stones

I'm living in the heart of love
Living in the heart of love
We're living in the heart of love
We're living in the heart of love

Friend gonna laugh, well my friend's gonna tease me
Said I'm out to get her, oh God this is easy
I may suffer, ooh I'll sigh
Plus I'll never get to sleep at night

I'm living in the heart of love
Living in the heart of love
Well living is the power to love
Loving is the power to live

I'm trying so hard to be your baby
I'm trying so hard to be your love
I'm trying so hard to be your baby
I'm trying so hard

I'm living, yeah
Living, yeah
I'm giving as a part of love
And living in a pot of love

You can keep your gold, yeah, keep your treasure
I was only born just to give you pleasure
Loving is a living of much more fun, yeah
You're wasting your time boy piling up your money
I've got patience to joke little girl
But I ain't waiting for the sky to fall
Well I've played dirty, I've played clean
But I'll be down, yeah I'll be mean, oh yeah

I'm working so hard to be your baby
I'm working so hard to be your love
I'm working so hard to be your baby
I work so hard, yeah
I work so hard

Living in the heart of love
Living in the heart of love
Living is a harder love
Loving you is life enough
Living
Living, yeah
Living, oh
Living, yeah

I'm living in the heart of love
Living in the heart of love
We're living in the heart of love
We're living in the heart of love
We're living, yeah
We're living, yeah
Well living is the power to love
Loving is the power to live

Living is the power to love
Loving is the power to live
Living is the power to love
Loving is the power to live
