

## Be Mine

THE ROOP

Tell me your story  
Without any fear  
If the demons are living inside you  
I'll be there

You can act crazy  
And I won't mind  
We all have our dark sides and it's a  
Part of our lives

Girl, I know it's absurd  
To waste your time  
But I will try  
To make you mine

No one is perfect  
Which is not true  
I can clearly see top notch perfection  
Just in you

My situation  
You can see it in my face  
I'm in love and it's so hard to hide it  
Without a trace

Girl, I know it's absurd  
To waste your time  
But I will try  
To make you mine
