

I Love You I Don't Need You

THE ROOP

When I saw you for the first time
I felt that instant bond
We've spent many nights together
But somehow, it went wrong
A glass of wine to keep me company
I'm sitting where we sat
All the memories are creeping back
Remember to forget
Oh no, no, no

I love you, I don't need you
This time
I love you, I don't need you
Tonight
What can I do? It really hurts
But I have to say these words
I love you, I don't need you
In my life
So goodbye
So goodbye

The only way to keep my sanity
Is to erase all doubts
I rediscover my own gravity
It's harder than it sounds
Still, the mirror holds reflections
Of someone who I was
But inside
I am new
There's no us

I love you, I don't need you
This time
I love you, I don't need you
Tonight
What can I do? It really hurts
But I have to say these words
I love you, I don't need you
In my life
So goodbye
So goodbye

Oh, it's so strange
To love and let go
See, we are strong
To be on our own
Love of my life
You are the love of my life
And now, I have to say goodbye, ooh-ooh-ooh
