[in background: "Pass the what? (Pass the popcorn)" 4X]

It looks like another one's comin around [3X]  
So The Square Roots gotta get down, bust it

Yo, I wrote this, basement, Never Never Tunnels type portion  
Just to accompany some audio distortion  
Bust the popcorn, drop it onto my cassette and  
bust it, Kid Crumbs, how ya feel? (I'm feelin blessed man)  
Yeah, The Square Roots be the setters of examples  
Findin rhythm in the static of your samples  
Makin you move to the groove as we sooth  
the ear of the listener on the musical  
Prisoner G, now you're free you can be all you wanna be  
Go where you want or go and see all you wanna see  
Because yo, your ambitions I won't neglect  
And to the brothers who ain't here, nuff respect  
So BROther ?uest, how ya livin, what ya givin black?  
To me the brother with the linens and the applejack;  
busy til the break of dawn  
The first verse is poured I pass the popcorn

[in background: "Pass the what? (Pass the popcorn)" 4X]

It looks like another one comin around [3X]  
So the Black Thought had to get down y'all, yeah

[in background: "Pass the what? (Pass the popcorn)" 4X]

It looks like another one comin around [3X]  
?uestion would you come and get down, bust it, c'mon

[?uestlove]

Check it out, secondly  
it's me the BROther ?uest from the S-Q-T (Square Roots)  
And he's Black Thought, the boy you know is (FUNKY)  
The rhythms I recycle sometimes prehistoric  
The mic for the popcorn's like it's metaphoric (metaphoric baby)  
So many different factors in the ?uestion's style  
Arrythmic by the end, I'm givin more than one child  
Abstract soloist comin from the heart  
All the way from Philly, from the West part  
Relax your mind and let your body be at rest  
Flow in slow mo', and let the BROther manifest  
Now the second verse has been pourn  
On to Kid Crumb I pass the popcorn

[in background: "Pass the what? (Pass the popcorn)" 4X]

[Black Thought]

It looks like another one comin around [3X]  
?uestion ripped the set and got down baby, yeah

[in background: "Pass the what? (Pass the popcorn)" 4X]

It looks like another one comin around [3X]  
Kid Crumbs would you come and get down, c'mon

[Kid Crumbs]

Blessed is the next at the second still before the 4th is passed  
I'm gassed off the edible raps, and that's illegible  
Tommy used to bug, when I come around  
Screamin at the top of my lungs -- you gots to get down  
Now, they heard the sound and wanna give the kid a pound  
on the down low \*whispering\* Relax baby, keep it underground yo  
From the crown of notty hair that I wear to the funk feet  
Wonder why the sisters dig the brother missin five teeth  
Peace I gots to rock so pass the popcorn and shit  
Quick to lick a shot to umm, Wheezy, and Cricket  
Used to kick it in the house until I got myself evicted  
Now The Crumbs is restricted to the popcorn, elected  
from The Roots, I griff the rest and share the stash of popcorn  
Back to Black Thought, rock on (and on)  
And on (and on) and on (and on)  
And on (and onnnnnn), pass the popcorn!

[in background: "Pass the what? (Pass the popcorn)" 4X]

Honey, glazed, amazed at the art Black Thought dis-plays  
I get mad props and the compliment pays  
Makin me more funky and it shows on stage  
Word right BROther cause I'm goin through a phase  
I wanna be a pioneer so trails I blaze  
Straight past the days when I used to be enslaved  
But don't eat all the popcorn BROther ?uest (What?)  
Yo BROther ?uest say it  
A bit for my hit makin it legitimate and give  
credit to the attitude you set it don't forget well it's  
gotta be live, cause that's the way I'm rockin it and  
pop-corn is in my pocket then I guess it's rockin yo,  
the S-Q-T'n, Black Thought of seeing  
I know you're all agreeing, I'm rocking and I'm being  
Ripping another chapter, just for you to clap ta  
To the sounds of vexed I make you step just like a camper  
I pass, the popcorn, the mix I drop on the mic  
gon', have you hummin my song, all the way home  
It's cool and as long, as you and the song, be mellowin out  
together cause it's kind of peace I'm not embarrassed  
as I pass the popcorn, and get off the dome  
Yo BROther ?uestion, yo Rubber Bandz Square Roots  
take it home
