

Thirsty!

The Roots

[Scratching] Do it!

[Black Thought]

When I start, don't disturb me
Rhythm that get your mind thirsty
When I rock it's something to see
Something to see, something to see

When I start, don't disturb me
Rhythm that get your mind thirsty
When I rock it's something to see
Something to see, something to see

When I start, don't disturb me
Rhythm that get your mind thirsty
When I rock it's something to see
Something to see, something to see

When I start, don't disturb me
Rhythm that get your mind thirsty
When I rock it's something to see
Something to see, something to see

When I start, don't disturb me
Rhythm that get your mind thirsty
When I rock it's something to see
Something to see, something to see

When I start, don't disturb me
Rhythm that get your mind thirsty
When I rock it's something to see
Something to see, something to see
