

# Back To Me

The Rose

I can make you mad  
I can make you scream  
I can make you cry  
I can make you leave  
I can make you hate me  
For everything  
But I can't make you  
Come back to me

Called me all day  
But I never pick up  
Instead of pulling my weight  
Always pushing my luck

You gave me all that I could take  
Yeah, I took it all for granted  
Head up in the clouds  
Yeah, I never understand it

I remember thinking  
I don't need you  
But then time passed by  
And it's so untrue

Now I'm the rain over your parade  
Reason you're over me  
Yeah, I always keep making the

Same mistakes  
Maybe I never  
Deserved you anyways

I can make you mad  
I can make you scream  
I can make you cry  
I can make you leave  
I can make you hate me  
For everything  
But I can't make you  
Come back to me

I can make a world  
Out of broken dreams  
I can make you say things  
You don't mean

I can unmake  
All we were made to be  
But I can't make you  
Come back to me

Calling all day  
Tryna make things right  
Just to fuck it all up  
When I see you tonight

Since you told me at the road

I've been running on empty  
If anything I know  
It's how to ruin a happy ending

And I remember when you still  
Needed me  
Don't know how I let it go  
So easily  
Now I'm the cloud to your sunny days  
Reason you run away

Don't know how I keep making the  
Same mistakes  
Maybe I never  
Deserved you anyway

I can make you mad  
I can make you scream  
I can make you cry  
I can make you leave  
I can make you  
Hate me for everything  
But I can't make you  
Come back to me

I can make a world  
Out of broken dreams  
I can make you say things  
You don't mean

I can unmake all we were  
Made to be  
But I can't make you  
Come back to me

But I can't make you  
Come back to me

I can unmake all we were  
Made to be  
But I can't make you  
Come back to me

I can make you mad  
I can make you scream  
I can make you cry  
I can make you leave  
I can make you  
Hate me for everything  
But I can't make you  
Come back to me
