

Monotone

The Rose

Doo doo doo do doo [x4]
Doo Do doo do doo

Feeling the time is never near
It's clear the clocks are very wrong here
Shadow people come and disappear
Try not to be so all alone
It's hard to hear my stomach when it groans
'Cause as much as it's filled with stone
And my heart just beats in monotone

Doo doo do do doo [x4]
do do doo do doo
