

## Nauseous

The Rose

Background

You're so blurry out of focus  
Gone now  
You wonder if I even notice  
Every message that you've ever sent  
Yeah, it sounded fucking stupid  
Cinnamon and sugar on your tongue  
Yeah, all of it is useless

Uh-oh, you're giving me a tummy ache  
Oh, no, it ain't better than a heartache  
Just the look and the sound of you  
Making me nauseous  
Uh-oh, you're giving me a tummy ache  
Oh, no, it ain't better than a heartache  
Just the look and the sound of you  
Making me nauseous

Sh

You're so loud and so obnoxious  
Liar  
□□ □□ □□□□ □□ □□ □□  
Spreading rumors talking 'bout my life  
I bet you feel fucking special  
Tried to bring me down but I'm alive  
Thank you for the recognition

Uh-oh, you're giving me a tummy ache  
Oh, no, it ain't better than a heartache  
Just the look and the sound of you  
Making me nauseous  
Uh-oh, you're giving me a tummy ache  
Oh, no, it ain't better than a heartache  
Just the look and the sound of you  
Making me nauseous

Uh-oh  
Oh, no  
Uh-oh  
Oh, no  
Uh-oh, you're giving me a tummy ache  
Oh, no, it ain't better than a heartache  
Just the look and the sound of you  
Making me nauseous
