

I Hear (Click, Click, Click)

The Rosebuds

I hear (click click click)

I hear, -- On the ceiling tonight

We hung the stocking and went to bed but I cannot sleep at all
rainbow lights hangin' right outside dane cheerful on my wall
butter flies In my stomach smile at any noise down the hall
and there's Christmas songs running through my head, hey! Come
one, Come all

I hear, -- on the ceiling tonight

When I wake up I throw on my clothes I don't even comb my hair
follow the trail on tinsel to the Christmas tree where my famil
ies meeting there
we open gift and laugh out loud and throw the wrapping paper In
the air
tell each other tales of just what we heard last night while la
ying there

I hear, -- On the ceiling tonight

I hear, -- On the ceiling tonight

I hear, -- On the ceiling tonight

I hear, -- On the ceiling tonight
