

Silver Lining

The Royal Concept

Somewhere in between the phases
Everything I went for, it got old
Moscow mules and pretty faces
Can't outshine the times when we were gold

And I know, and I know
I've been here before
And I know, yeah I know there must be a silver lining
And I know, and I know
That the rain did fall
And I know, yeah I know
There must be a silver lining

For so long
I followed your heart, I followed your heart
So what
I know we're apart, I know we're apart
For so long
I followed your heart, I followed your heart
I know what I want
I know what I want

To love is to protect you said
But then you went to bed for something new
Heart wants more than heart got yet
And I want love for me, if not from you

And I know, and I know
I've been here before
And I know, yeah I know there must be a silver lining
And I know, and I know
That a flower grows
And I know, yeah I know
There must be a silver lining

For so long
I followed your heart, I followed your heart
So what
I know we're apart, I know we're apart
For so long
I followed your heart, I followed your heart
I know what I want
I know what I want
For so long
For so long
I know what I want I know what I want
