

# Wild Things

The Royal Concept

California, sorry I didn't call  
You're a wonder to discover, but I wonder  
All these conversations, on and on  
Leads to nothing  
It's so obvious, so be cautious

People, can't you see she's starving?  
City lights are carving up her skin and bones and  
His was not my dream, it's your dream  
It just happened to me  
My dream is you

I just don't know what to tell you I  
Fell in cause I'm just a lucky fool  
All that is pretty is all that is real  
Let's get out of the city  
I saw a man  
Shaking hands at a glance  
And I knew that the deal wasn't cool  
All you need is sympathy  
Let's get out of the city

We could do wild things  
Wild things  
We could wild things  
We could do, we could do, we could do, we could do  
We could do wild things  
Wild things  
We could wild things  
We could do, we could do, we could do, we could do

California, glad I bought  
Your wine  
Your a wonder, to discover  
I discovered

All these conversation, on and on  
Leads to good times  
Over lifetimes  
Only sometimes

People, can't you see she's starving?  
City lights are carving up her skin and bones and

I just don't know what to tell you I  
Fell in cause I'm just a lucky fool  
All that is pretty is all that is real  
Let's get out of the city

Shaking hands at a glance  
And I knew that the deal wasn't cool  
All you need is sympathy  
Let's get out of the city
