

# Battles

The Rubens

Yeah I got some battle scars  
Doesn't matter who you are  
Take some time babe to earn my trust  
And never let go of the past  
Got a few things to see to  
And I don't exactly need you  
Made myself a promise  
Never ever fall in love  
Never ever fall in love

So I said I would call you  
And I want to but I don't know if I should, yeah  
Should I stoke this fire  
Knowing full well if it gets out of hand I'm a crook, oh

Yeah I got some battle scars  
Doesn't matter who you are  
Take some time babe to earn my trust  
And never let go of the past  
Got a few things to see to  
And I don't exactly need you  
Made myself a promise  
Never ever fall in love  
Never ever fall in love

See you way too easy  
It's about being at the right time  
But it hasn't come yet, yeah  
Think it's lost its meaning  
Meaning in the mean time is better left unsaid  
It's for the best, oh

Yeah  
Oh no

Got a few things to see to  
And I don't exactly need you  
Made myself a promise  
Never ever fall in love  
Never ever fall in love  
Never ever fall in love  
Never ever fall in love

Yeah I got some battle scars  
Doesn't matter who you are  
Take some time babe to earn my trust  
And never let go of the past  
Got a few things to see to  
And I don't exactly need you  
Made myself a promise  
Never ever fall in love  
Never ever fall in love

Got a few things to see to  
And I don't exactly need you  
Made myself a promise  
Never ever fall in love

Never ever fall in love  
Never ever fall in love
