

Explosions

The Rubens

I wake up and you're just getting in
Don't know what to think
Do you know how it feels?
You don't know
When I stay out it's 'cause I got a reason
'Cause of how I'm feeling
And need a friend to pull me out, pull me out, pull me out

Buddy, take me out tonight, make me forget
Show me love, colours, explosions on my brain
I don't want no caine, 'cause that shits not the same
Show me love, colours, explosions on my brain

I wake up next day you're on the floor
Flowers in your hands
The roots attached and all
What the fuck man
Tell me that there's nothing left to do
So do it all again, guess that you're my only friend
Don't wanna be alone again

Buddy, take me out tonight, make me forget
Show me love, colours, explosions on my brain
I don't want no caine, 'cause that shits not the same
Show me love, colours, explosions on my brain

Keep telling me that I should be alone
But two or more is better than solo
Three is complicated so I'm told
On competence I'm low
I'm confident my colours running low

Buddy, take me out tonight, make me forget
Show me love, colours, explosions on my brain
I don't want no caine, 'cause that shits not the same
Show me love, colours, explosions on my brain

Buddy, take me out tonight, make me forget
Show me love, colours, explosions on my brain
I don't want no caine, 'cause that shits not the same
Show me love, colours, explosions on my brain
