

# Gone

The Rubens

I saw you walk in  
Watching your cadence  
They talk a lot but I know that you hate it  
I flew on the red eye  
Drops help me tame it  
Methods to swear by  
Water's for babies  
Where do you go next  
Wearing those faces  
It's not a contest but I've been to places  
How much is a fair price  
As if I won't take it  
Turn on the headlights  
As they pull away

Now you're gone  
How could you be better off  
Lie to me say that you're not  
Tempered glass tabletop  
When every night lasted so long  
Why did you leave it so long  
Hard to believe you could stop  
Empty bag  
Fill it up  
For something to hold on

I'm not the problem  
But I'm not blameless  
Hand on my heart I could do with some changes  
I know where it started  
Mild entertainment  
Lines in the darkness  
To keep me from straying  
I hope that you'll be around  
To cure what ails us  
Square ones will bring us down  
Blue never fails us  
It's out with the keys and  
In with a taste test  
You'll never leave then  
I look away and

You're gone  
How could you be better off  
Lie to me say that you're not  
Tempered glass tabletop  
When every night lasted so long  
Why did you leave it so long  
Hard to believe you could stop  
Empty bag  
Fill it up  
For something to hold on

Now you're gone  
When will I be better off  
Cos I'll tell you right now that I'm not  
Tempered glass tabletop

When every night lasted so long  
Why did you leave it so long  
Hard to believe you could stop  
Empty bag  
Fill it up  
For something to hold on

I saw you walk in  
Watching your cadence  
They talk a lot but I know that you hate it  
I flew on the red eye  
Drops help me tame it  
Methods to swear by  
Water's for babies  
I hope that you'll be around  
To cure what ails us  
Square ones will bring us down  
Blue never fails us  
It's out with the keys and  
In with a taste test  
You'll never leave then  
I look away and you're gone
