

# Liquid Gold

The Rubens

Freezing dipping toes in the deep end  
I could be a good guy

I could be cop lights  
I could be the worst night of my short life

You are the sweet thing that I'm missing  
You don't wanna see me dance anymore

But keep me on your mind mind mind mind mind  
I'll keep you in mine mine mine mine mine  
Heavy on the white wine wine wine wine wine  
Head is feeling light light light light light

Like liquid gold  
Liquid gold  
Liquid gold  
Liquid gold...

Short sight oh my God it's a sunrise  
I should not be breaking

I should be making  
All the pieces fit

So your heart'll stop aching  
It was a long night

I can see why  
You won't take a chance on me anymore

But keep me on your mind mind mind mind mind  
I'll keep you in mine mine mine mine mine  
Heavy on the white wine wine wine wine wine  
Head is feeling light light light light light

Like liquid gold  
Liquid gold  
Liquid gold  
Liquid gold...

Everything is fine fine fine fine fine  
Everyone is nice nice nice nice nice

But something in your eyes eyes eyes eyes eyes  
Is telling you to try try try try try

To keep me on your mind mind mind mind mind  
I'll keep you in mine mine mine mine mine  
Heavy on the white wine wine wine wine wine  
Head is feeling light light light light light

Like liquid gold
