

# Roll Away

The Rubens

I'll be there in the morning  
No complaints no problems  
No weather without warning  
No flame without caution  
And who are we to torch it  
There's too much to forget  
I'm the one that you can call on  
I want you to stay

Roll away roll away roll away  
I saw it much too late  
My way my way my way  
Impossible to change  
One day one day one day  
Bite lip and I'll take a break  
Roll away  
Roll away

Early on it haunts ya  
Keeps you humble  
Keeps you honest mmmm  
And then an ocean lies before ya  
Wanna watch you stumble  
Break like a promise no  
But I can't keep life away  
Drop the brush into the paint  
Did a dumb thing  
And I'm welcomed back again

I'll be there in the morning  
No complaints no problems  
No weather without warning  
No flame without caution  
And who are we to torch it  
There's too much to forget  
I'm the one that you can call on  
I want you to stay

Roll away roll away roll away  
I saw it much too late  
My way my way my way  
Impossible to change  
One day one day one day  
Bite lip and I'll take a break  
Roll away  
Roll away

So I wade back through the water  
That I wanna be under  
Cos I want it all over, no  
That it can't be face to face  
Tell the walls to turn away  
Show them nothing  
But it sure feels like the end

Cold feet in your sleeping bag  
How memories change so fast

You stand in the waiting room  
For someone that's gone too soon  
I do not want to watch this  
It's too much I'm nauseous  
The pillows in the corner  
Still shaped like you're on them  
It boils down to nothing  
Nothing within nothing  
I'm the weed within your garden  
And I want you to know

I'll be there in the morning  
No complaints no problems  
No weather without warning  
No flame without caution  
And who are we to torch it  
There's too much to forget  
I'm the one that you can call on  
I want you to stay

Roll away roll away roll away  
I saw it much too late  
My way my way my way  
Impossible to change  
One day one day one day  
Bite lip and I'll take a break  
Roll away  
Roll away
