

Dance To The Rock'n'Roll

The Rubettes

Doesn't matter if you got no friends at all
Doesn't matter if your back's against the wall
It doesn't matter if you're young or old
Or if you've been left out in the cold
If you can stand and hear the band
Then you can dance to the Rock 'n' Roll

So let the band play, all sway
And keep on rollin' till the break of day
Don't give up or fall down
Just keep rollin' round an round
And let the band Rock all Roll
And let the music get into your soul
Don't stand down or fall down
Stand up dance to the Rock 'n' Roll

I do believe we'll be a long time gone
I won't deceive myself about this song
No double meaning man do I purvey
A simple sample in the same old way
If you protest then let it rest
Or come back on another day

So let the band play, all sway
And keep on rollin' till the break of day
Don't give up or fall down
Just keep rollin' round an round
And let the band Rock all Roll
And let the music get into your soul
Don't stand down or fall down
Stand up dance to the Rock 'n' Roll
