

## Last Time Around

The Rubettes

It's the last time around, nothing lost nothing found  
And after all these years, after all these tears  
Gotta find some peace mind

How does it feel, out on your own  
Colder than ice, much harder than stone  
And all the king horses, and all the kings clowns  
Will leave you in pieces, when you hit the ground

Now it's the last time around, nothing lost nothing found  
I left my sorrows, my tomorrows far behind  
Now it's the last dance with you, I gotta do what I gotta do  
And after all these years, after all these tears  
Gotta find some peace of mind

Make your excuses, alone with your wine  
Call all your friends and you can cry on the line  
But there's no understanding, when there's no true regret  
Concerning your loved ones, who lie in neglect

Now, it's the last time around, nothing lost nothing found  
I left my sorrows, my tomorrows far behind  
Now it's the last dance with you, I gotta do what I gotta do  
And after all these years, after all these tears  
Gotta find some peace of mind

Have I wasted all my life  
Were we ever lovers or did we just make love  
Now all my days have turned to night  
And I have nothing more to give

Now it's the last time around, nothing lost nothing found  
I left my sorrows, my tomorrows for behind  
Now it's the last dance with you, I gotta do what I gotta do  
And after all these years, after all these tears

Gotta find some peace of mind  
Some peace of mind
