

Lo-oh-ve (shuwa do bop shuwa du)
La-la-la... tu tu tu
Lo-oh-ve (shuwa do bop shuwa du)
Do the love...

Sugar baby love, sugar baby love
I didn't need to make you blue
Sugar baby love, sugar baby love
I didn't mean to hurt you

Tonight born be like any night
Tonight the stars are in the sky
Would be shining for me and my baby tonight
Tonight we'll climb the highest top
Just talk until the morning light
Me and my baby tonight
Tonight

Do do, do the juke box
Do do, do the juke box
Do do, do the juke box
Do do, do the juke box
Do do, do the juke box
Do do, do the juke box

Come on baby, do the juke box jive
Just like they did it nineteen fifty five
Come on now don't let go
Hold on to me
Come on girl, and let me know
You'll do the juke box jive with me
Yeah yeah

All you got to do is to move your feet
And to shake your body to the driving beat
It goes so easy and you won't cry
So come on baby, let's do it

I guess I never really stood a chance
I liked the music but I couldn't dance
I guess I really learnt a lot since then
'Cause I can really do it now it's back again

Yeah, I can do it, I can do it, I can really move
From my head right down to my blue suede shoes
I can really make the groove
I can do it, I can do it, I can really move

I can really rock, ooh I can do it
I can really rock, ooh I can do it
I can really rock, ooh I can do it
I can really rock, I can do it, I can do it

Yeah, I can do it, I can do it, I can really move
From my head right down to my blue suede shoes
I can really make the groove
I can do it, I can do it, I can really move
