

Daniel

The Rumble Strips

Daniel, Daniel, Daniel Daniel
Look what you've done
Look what you've done

Falling, falling, fall, fall
Falling in love
But it's not love

And City skies don't know
'Cause city skies just glow
And if you're sad and low
Just get on your boat and row

Daniel, Daniel, Daniel, Daniel
Look what you've done
Look what you've done

Falling, falling, fall, fall
Falling in love
But it's not love

And it's not toll
Ooh to know
When you're wrong
But don't wait too long

And city skies don't know
'Cause city skies just glow
Don't wait around to see
Just get on your boat and row

Daniel, Daniel, Daniel, Daniel
Look what you've done
Look what you've done
