

# Wait for Me

## The Runaways

Don't wanna leave you again, baby  
But you know I have to someday  
Don't wanna be alone again, baby  
But I know we found our own way

We hold ourselves together  
It's a bond that can never be broken  
I know we'll last forever  
But there's something that I just gotta say

And that's wait for me, my lover  
Wait for me, no other  
Stay with me, oh, please  
Wait, wait for me

You know it's really hard on me  
To have to turn an' wave good bye  
An' I know it's hard on you too  
All those lonely nights we cry but we

We hold ourselves together  
It's a bond that can never be broken  
I know we'll last forever  
But there's something' that I just gotta say

And that's wait for me, my lover  
Wait for me, no other  
Stay with me, oh, please  
Wait, wait for me

You know I get so scared inside  
When I come back you won't want me  
But then you tell me I'm your only one  
I guess it's just my insecurity but we

We hold ourselves together  
It's a bond that can never be broken  
I know we'll last forever  
But there's something' that I just gotta say

And that's wait for me, my lover  
Wait for me, no other  
Stay with me, oh, please  
Wait, wait for me

Wait for me, my lover  
Wait for me, no other  
Stay with me, oh, please  
Wait, wait for me

Wait for me, my lover  
Wait for me, no other  
Stay with me, oh, please  
Wait, wait for

Wait for me, my lover  
Wait for me

Stay with me

Wait for me

Wait for me

Stay with me
