

## How to Avoid Disaster

The Saints

Here I am in a pyscopathic world  
trying to avoid disaster  
& cutting up tomorrow's papers  
Talking about all the change that's going to come  
& how to avoid disaster  
if it was easy you could ask me  
if it were mine I'd try.....  
Falling out the window full of drink in my head  
like a Jamaican festival  
baby thinks that I'm an animal  
Spend my time trying hard not to think  
no panic about the inevitable  
& if it was easy you could ask me  
if it were mine to decide  
I'd rather not be crucified.....  
Here I am in a pyscopathic world  
trying to avoid disaster  
& cutting up tomorrow's papers.....etc
