After The Rain

The Samples

Out in the fields there's workers every day farming the land 'cause that was the only way but now it's a joke the thunder's a foreign sound we're all gonna dance as soon as the rain comes down as soon as the rain comes down

They worked so hard to make their ends meet they dream of storms but wake to the sweat on their feet

This summer's been hot the land was a desert to us we're all gonna dance as soon as the rain comes down as soon as the rain comes down
