

# Overthrow

## The Samples

there's no time  
there's no more places  
for us to run away  
and leave all these spaces

I know  
you know  
that we know  
we're gonna have an overthrow

everyone  
with a deep-seated need  
to find their part  
to make them see

and I know  
if you know  
we know  
we're gonna have an overthrow

there's no book  
'cause there's no directions  
'cause no one overtook, no  
chance at liberation

but I know  
that you know  
that we know  
we're gonna have an overthrow
