

The Streets In The Rain

The Samples

I'm looking for people
That I used to know
I'm looking for places
That we used to go
I promise the changes
Have never changed me
No matter how distant
That we seemed to be
We used to be children
And I'll never forget
When we played in our circles
But that game's not over yet
The neon's too bright
And the world's too fast
The cities at night
The stores behind glass
The streets in the rain
But the fields back home
They're never the same
So now I'm alone
I'm looking for people
That I used to know
I'm looking for places
That we used to go
