

# Won't Be Back Again

## The Samples

Used to win I used to lose  
That's one thing you'll never really get  
Used to  
But when I leave I'll leave for good  
I left no tracks or traces 'cause no one  
Understood  
Now I'm gone  
Won't be back again  
Now I'm gone  
Won't be back again  
You make me run you make me cry  
I gave you all I had but you're not  
Satisfied  
You drag my name through the mud  
You pull me by my cord until I unplug  
Now I'm gone  
Won't be back again  
Now I'm gone  
Won't be back again
